

Re-Opening News....

Tickets! Get your tickets here! Hello Everyone, Our next in-person worship service is scheduled for July 11, 2021, and we could not be more excited! The sanctuary is looking great, and we will once again, focus on keeping everyone safe as we re-enter the church to worship together.

As outlined in the message that was sent out along with the congregational survey, we plan to keep many of the safety protocols in place for the first few services at least. Due to these measures, our capacity in the sanctuary is still reduced so we will be utilizing the registration system that we had used in the fall. This system allows for us to continue contact tracing and also helps expedite the registration as people enter the church. For those who are unable to register by computer, we will be setting aside several seats every Sunday for those members, and they will simply need to register for a seat by calling Laurie in the church office. For those who are still uncomfortable with attending in person, we will continue to live stream and record our worship services so you can follow along at home.

For the remainder of the available seats, we will be using the TicketLeap website again and since it has been several months, here is a refresher on how to use it. When you click on the link below, you will be taken to our ticket site.

<https://st-albert-united-church.ticketleap.com/sunday-worship-7-11-21/>

The link will be posted on the church website and registrations will be allowed starting at noon on the Wednesday before the service. There will be a new link posted each week. The first page you will see looks like the picture below and you can register by following these easy steps:

- Click on the Register button.
- Enter the number of tickets you need and click Register again.
- Enter the name for each attendee.
- Answer the COVID symptom questions for each attendee.

If you check any of the symptom boxes, please do not proceed any further with your registration for that Sunday. If none of the boxes are checked, click on **Register** and you are finished.

- To add the event to your electronic calendar, click the "ADD TO CALENDAR".
- You will receive a confirmation email and do NOT need to print any tickets. Your name will automatically be on the list at the church for that Sunday.

If you have any questions about the safety protocols, feel free to reach out to myself or Laurie in the office.
