OFFICE UPDATES

It has come to my attention that some information I have on our system for some members of our congregation is out of date.

PLEASE...if you have moved, changed email addresses or phone numbers kindly let me know as soon as possible. That way our system will always be up to date. If I don't know, I can't make the proper changes.

MYTH:

Indigenous peoples have a lot of money.

THE FACTS:

Indigenous individuals have lower incomes and higher dependency rates than others. In Canada in 2006, the median income for Indigenous peoples was 30% lower than the median income for the rest of Canada. At the rate the gap narrowed between 1996 and 2006, it would take 63 years for the gap to be erased. Although Indigenous incomes rise with increased education, even highly educated Indigenous people still face a considerable income gap relative to non-Indigenous people.
