ENFRANCHISEMENT

In response to the Gradual Civilization Act, this letter from the Oneida Indians and other Bands was sent to the Gov. General in 1858: "It is with feelings of sorrow that we hear of the act passed for the purpose of allowing the Indian to enfranchise if he feels desirous of doing so. We are sorry that such an inducement is held out to separate our people. If any person availing himself of this enfranchisement act should fail to do well and lose his little piece of ground — he is forbidden to ever return to his tribe. All red men are brethren, and our hearts would bleed to see one of our brethren wandering about the highway without the right of returning to his tribe when in distress."
